

1.3 BILLION TONNES OF FOOD
PRODUCED WORLDWIDE
IS NEVER EATEN

THAT'S ENOUGH TO FEED THE WORLD'S 1 BILLION HUNGRY 3X OVER

51%
OF FOOD WASTE IN
CANADA IS WASTED AT HOME

Canadians waste
on average **172kg food** per
year. That's roughly equal to the
weight of an adult black bear

WHEN FOOD IS WASTED
RESOURCES ARE WASTED TOO

\$ 27 BILLION \$
worth of food is wasted annually in Canada
That's higher than the combined GDP of the 32 poorest countries in the world

Canadian families could save up to **\$1500/year** by reducing their food waste

1,400,000,000,000 (trillion) litres of water

are used on food crops that never make it to retail. That's the
same amount of water that pours over Niagara Falls after four days
